Hilltop
EARLY LEARNING ACADEMY

Each week will feature activities relating to one of the STEAM areas

[Week 1 – SILLY SCIENCE \(June 21-25\)](#)

During this week we will experiment with common household items and create hands-on science activities using mixtures and potions.

[Week 2 – TINKER TECH & ENGINEERING \(June 28-July 2\)](#)

During this week, we will explore with loose parts and create cool projects like catapults, pom-pom shooters, bridges, 3-D shapes and marbles mazes.

[Week 3 – MESSY ART \(July 5-9\)](#)

During this week we will find our inner artist and create amazing works of art using a variety of mixed media.

[Week 4 – ARTFUL MATH \(July 12-16\)](#)

During this week we will investigate patterns in the world around us and create beautiful works of math art, including a large outdoor art installation.

[Week 5 – BEACHY STEAM \(July 19-23\)](#)

During this week we will use a summer beach party theme to explore STEAM concepts at the beach – ocean animals, salt water, sand art, and lots more.
